Date	8 October 2026

Draft prepared with AI-assisted call summary · reviewed and approved by the relationship manager before filing.

**** SUMMARY ****

The business relationship had been inactive for some time; Commerzbank is currently a secondary bank connection for Globex Toys, with Sparkasse Nürnberg as the main bank. Purpose of the call: re-establish contact and take stock.

The existing overdraft facility (EUR 500,000) is currently unused and has so far carried no commitment fee – the client was informed that a fee will apply going forward if it continues to go unused.

Client mentions a planned capacity expansion (outdoor play equipment, Nuremberg site) as well as current supply-chain challenges – details to follow by email.

On the board games product line: no plans discussed.

Next step: client will send an email with the current financial report.

Internal document – not for external distribution. Figures and details are illustrative, for training purposes.
